

EXITING

1. Hold chair upright with both hands and deploy rear support wheels
2. Move towards the ultimate point of safety.

REMEMBER

At Barron lifts, safety is our priority. If you have any questions or are having any difficulty with using our evacuation chair, do not hesitate to get in touch and we will assist you in every way we can.

HSA/fire safety regulations make it clear that owners/managers of premises are responsible for evacuation procedure

Any sick, injured or any person unable to negotiate stairs independently, quickly and safely are at risk and therefore must be accommodated

Lifts are not to be used in the event of a fire.
